

PIPELINE TECHNOLOGY TRAINING

Corroded Pipelines course (2622)

AGENDA

Day 1	
9.00	Welcome and introduction
9.15	Background and methodology
10.30	Coffee
10.45	Corrosion mechanisms and corrosion rates
11.30	Calculation exercise (single defect)
12.00	Lunch
13.00	In-line-inspection and associated uncertainties
13.45	Assessment approaches in DNV-RP-F101 (Single defect, metal loss interaction, complex shape)
14.30	Prediction of time development
15.00	Coffee
15.15	Case studies and discussion
16.00	Close
